DETAILED ACTION

Allowable Subject Matter

Claims 21, 23-27 and 29-49 are allowed.

The following is an examiner's statement of reasons for allowance:

With regard to claim 21: These claims are allowable over the prior art of record because the latter, either alone or in combination, does not disclose nor render obvious an optical fiber having the transmission loss, mode field diameter, cable cutoff wavelength, increase of loss caused by OH-radical and bending loss stated in claim 21, in combination with the rest of the claimed limitations.

With regard to claims 23-27 and 29-49: These claims are allowable over the prior art of record because they depend from an allowable claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
